

**OFF SEASON 2010 NEWS  
FROM THE CHEERY CHARLIE  
CLAW'S TEAM.**

**CHARLIE CLAW'S IS NOW A  
PADI DIVE CENTRE**

Our Ali part of the dive team when he visited TSAVO EAST along with the Charlie Claw's team during the end of season outing told everyone he reckoned it was the best day he's ever had! It should have been too – they saw a pride of 6 lions! KWS must be thanked for their involvement – without them the team would not have had such a fun day – not forgetting the animals too ...

**We want your guests to have fun too !**

Relax after lunch by & in the only one on the island: Lazy Lagoon, or visit the coral gardens, a community project supported by Charlie Claw's.

**HEADLAND HIDEAWAY FOR  
HONEYMOONERS &  
ROMANTICS !**

On the very edge of the world of Kenya's Tourism – in 'REAL' Africa is our very special place for those of you who feel romantic ... at no extra charge let us make you feel very special ...
